*Department of Agricultural Economics
College of Agriculture and Life Sciences
Cornell University
Ithaca, New York 14853-7801*

It is the policy of Cornell University actively to support equality of educational and employment opportunity. No person shall be denied admission to any educational program or activity or be denied employment on the basis of any legally prohibited discrimination involving, but not limited to, such factors as race, color, creed, religion, national or ethnic origin, sex, age or handicap. The University is committed to the maintenance of affirmative action programs which will assure the continuation of such equality of opportunity.

Department A. E. Series and Staff Papers are processed in the department. The *A. E. Research Series* reports the results of research projects. A copy of each A. E. Research paper is automatically sent to libraries in land grant institutions and other universities with agricultural economics departments. The *Working Paper* series includes reports of research which may appear subsequently in journals, monographs or similar published series. The *A. E. Extension* series is based on extension projects and are usually intended for specialized groups. *Staff Papers* include major speeches and writings of staff members. These are available in limited quantities.

Home Study Program publications are processed in the department. There is a charge for Cornell University *Home Study Program* publications. Requests for these publications should be sent to:
